

Logitech iPad Solutions for Government

Tools to enable modern government workforces with Apple® devices

Technology continues to play a key role in government operations, supporting streamlined communication, effective collaboration, and improved service delivery. Devices like the Apple iPad are essential in modern workflows, helping government professionals stay organized, informed, and connected.

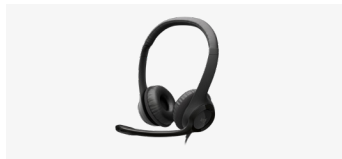

Logitech solutions are tailored to work seamlessly with iPads, offering durable and functional accessories that enhance usability, optimize workflows, and support the rigorous demands of public sector work. From facilitating secure communication to improving mobile productivity, Logitech provides reliable tools that empower government institutions to effectively achieve mission goals.

Solutions for iPad

Rugged Folio

Logitech's most protective iPad® keyboard case with drop protection that exceeds military standard tests.

H390 (USB-C)

Experience clear calls with a simple USB connection and a noise-canceling mic. Inline controls to adjust volume or mute without interrupting calls.

Crayon (USB-C)

A versatile, pixel-precise digital pencil for all iPads (2018+) that boosts productivity. Mark up PDFs, take handwritten notes, or sketch diagrams.

Combo Touch for iPad

Type, view, write, sketch, and read on iPad—all while keeping the front, back, and corners snug and protected.

Solutions for iPad Air

Combo Touch for iPad Air

A slim, versatile keyboard case featuring a precision trackpad and adjustable stand for flexible use modes.

Zone 305

A lightweight headset offering Bluetooth connectivity, high-quality audio, and a reliable long-range connection for uninterrupted calls.

Zone Vibe Wireless

Versatile, over-the-ear, Bluetooth® headset with a discreet flip-to-mute mic for instant privacy.

Crayon (USB-C)

A sleek, rechargeable stylus designed for intricate tasks and reliable performance across multiple Apple devices.
