

DATASHEET

ZONE USB-C RECEIVER

Reliably connects your Zone headset¹ to your computer's audio.

KEY FEATURES

- **Stay connected to your audio:** Zone USB-C Receiver uses smart enumeration to intelligently switch between headset audio and computer audio when a Zone headset¹ is turned on or off, so you can keep the receiver plugged in all the time.
- **Go wireless with enhanced connection range:** The receiver provides a reliable connection for Zone headsets¹ up to 50 m (170 ft) with open line of sight².
- **Easily see meeting status with visual cues:** LED light on the receiver indicates call, mute, connectivity, and *Microsoft Teams* state at a glance.
- **Optimized for music and calls:** Automatically optimizes the sound with built-in intelligence so voices are clearer in call mode, and bass and treble are accentuated and balanced in music mode.
- **Pair with your favorite Zone headset¹:** Seamlessly pair the new Zone USB-C Receiver to your Zone headset¹ using the free Logi Tune desktop app³.

PRODUCT SPECIFICATIONS
